

Welcome back for the summer term, we are hoping that it will bring lots of sunshine! As the weather improves please remember to apply any suncream before school and ensure that your child has a hat and water bottle in school each day.

Please keep an eye on Seesaw as that is where we will post additional events and activities. You can also subscribe to the school website calendar.

The Big Sing

The year 3 and 4 children took part in 'The Big Sing' just before Easter. This was a fabulous singing for wellbeing project and we would like to thank all the parents who came along to watch.

Holy Week Celebrations

Our Holy week celebrations were a lot of fun before Easter, please check out all the photos on Seesaw and the website. A big thank you to Mrs Edwards, Culain Morris, Lizzie Womack and Reverend Adrian for supporting this event.

Pond Project

We are currently raising funds for a pond development at the Jubilee Field, this project is being developed to increase the biodiversity of our outdoor learning site and to enhance the outdoor learning opportunities for our children. If you know of any funding grants, individuals or businesses that would be able to help us with this development please let us know.

School Dog

In January this year we retired Ben our school dog as he was beginning to struggle with a heart condition that he had had for most of his life. Sadly over Easter Ben passed away in his sleep. As the first school dog at Leintwardine he made a difference to staff and children alike. During collective worship the older children shared their memories of Ben. We look forward to introducing a new school dog in the future.

Mini Rugby

We encourage all players to participate. When fixtures are held all players are included and given equal playing time. We wish for as many of the players who play Mini Rugby to continue with the sport, ideally at the club and move into our Junior Programme. Boys and girls are able to join at anytime; beginning or partway through the season (September to April).

'Great coaching, family friendly and most of all one big family.'

When you give a child access to the Internet, you give them access to the adult world.

The Internet treats everyone as adults and there are many things, they are not yet ready to know, which is why it is vital that some form of safety settings are in place. Doing something is better than doing nothing.

What happens online has an effect to what happens offline and what happens offline has an effect to what happens online.

Online safety is when young people know who they can tell if they feel upset by something that has happened online.

Parents please contact your school to enquire attending their next e-safety workshop or have any concerns.

Working with Home Office 'PREVENT', The Police and Crime Commissioner and Children's Safeguarding Partnerships to help keep children safe online.
